Customers for these above-noted HP 1910 Gigabit Switches can order the **new HP 1920 Gigabit Switches**. Except for close-out sales and promotional offers, the new switches released on September 29, 2014, are generally priced at parity with the 1910 switches they replace, and they come with an enhanced feature-set.

**Important Note:** HP will continue to ship the 1910 Fast Ethernet Switches which remains HP's flagship advanced smart managed Fast Ethernet switch product line.

In the US market, the promotional "smartbuy" equivalents of these SKUs are also impacted by this End of Sale Announcement. End-of-Sale timing follows the dates for the base SKU.
