## PERSONAL DETAILS

## ABOUT MYSELF

I'm capable of adapting environment in a short time. I was graduated from Universiti Sains Malaysia (USM),with a Bachelor Degree in Computer Science majoring in Information System Engineering and minor in Psychology. To gain employment with a company or institution that offers me a consistently positive atmosphere to learn new technologies and implement them for the betterment of the business. I am seeking to apply my abilities to fill the internship role in your company. I am a dedicated team player who can be relied upon to help your company achieve its goals.
